What an exciting month June was. We have been able to do so many things. Everyone has been preparing for the big day of June 2nd for the last 9 months. Challenge Day sponsored by Special Olympics Iowa finally made it to Emmetsburg. We had so many volunteers, friends and family show up to support Horizons members. Whether you had the role of passing the torch, holding a flag or just came to participate, I think it's safe to say that everyone had a great time! We have already been told to prepare for next year because they would be happy to return to Emmetsburg. We also made it into the Emmetsburg newspaper, and a special thank you goes out to Darin Fraser for coming to take all the great pictures and writing a great article. If you didn't get a chance to read the paper, then please enjoy all the pictures we have included in this month's CLE newsletter.

June also marks a year since I started writing the newsletter. There have been a lot of challenges along the way and I have learned so much and continue to learn with every issue. I sincerely hope the past year of articles and pictures has given parents and guardians a better idea of what it is we do in CLE every day. I would also like to thank Brenda Clark Hamilton for all of the hard work and time she has put into showing me how to write a better newsletter to serve all of you.

We enjoyed other activities this month and were able to get out and integrate within the community on rainy days. We also found plenty to do outside when the sun was shining, whether it was water wars, swimming, waterslides, horseshoes or cleaning up parks and getting some exercise. We even took a tour of an area bed and breakfast. In CLE there is something for everyone!
